# Story County Extension Director Report by Jim Christy

Story County is located in a highly productive Agricultural area of Central Iowa. Approximately 341,000 acres of land comprise the 1650 farms in 1964, with about 90% of it tillable in this level to undulating Clarion-Webster soil areas.

The above figures indicate the rapid change taking place in the last decade in our country, when in 1954, there were 354,000 acres found in 2,040 farms. Farm size has increased from 174 acres to 210 acres per farm in that 10 year period. The data was obtained from Iowa Assessors Annual farm Census information. Total farm land acreage has decreased because of new highways, expansion of growing towns and cities and also the increased need for recreational areas.

7,905 people lived on Story County Farms in 1954, this total decreased to 6,468 by 1964. This has happened when the County population has increased rapidly with estimated population between 56 and 58 thousand in 1965. Official number in 1960 census 49,000.

Comparison of other changes of the past decade are as follows:

	1954	1964
CORN ACREAGE	130,051	125,067
CORN PRODUCTION (BU)	7,004,051	11,198,265
CORN YIELD/ACRE (BU)	53.9	88.8
SOYBEAN ACREAGE	31,171	68,833
SOYBEAN PRODUCTION (BU)	886,199	2,076,861
SOYBEAN YIELD/ACRE	27.9	30.2
COMMERCIAL FERTILIZER		
APPLIED (TONS)	9,845	15,393
NO. OF TRACTORS	3,254	3,159
NO. OF GRAIN COMBINES	1,014	858
NO. OF CORN PICKERS	1,233	894
MILK COWS	6,618	3,434
BEEF COWS	7,362	5,523
HOGS RAISED	198,000	150,000
GRAINFED CATTLE (MARKETED)	21,927	36,289
SHEEP & LAMB (MARKETED)	11,811	8,033
NO. OF CHICKENS (RAISED)	372,055	122,808

Hog production since 1955, after the big year of 1954, has stayed about the same as 1965. Field shelling and mechanical corn drying is quite common in Story County.

Many members of Story County farm families have attended Iowa State University at Ames, one of the top land Grant Universities in the Nation. Because of this background much interest is shown in the off-campus education program of the Extension service of Iowa State. The Extension program is planned by local people through the County Extension Council. It brings the resources of Iowa State and the U.S.D.A. to bear on the important problems of our local people and their communities.

The Extension program project areas include Agricultural production and marketing, Home Economics, 4-H, Youth and Public affairs. The County staff consists of County Extension Director, Extension associate and Home Economist.
